DolceItalia

Venatura Collection

Dolce Italia porcelain tiles embody the expertise and beauty of Italian porcelain tile, transplanted into the US to obtain a product that is superior in style and quality.

Venatura is a porcelain replica of a modern wood-look in extra-large planks. The collection's versatile color palette includes five stylish hues with a cleaner grain to achieve a more subtle variation. Venatura combines the warmth of the wood with an upscale contemporary feel, while its longer, wider planks make any room look larger and more open.
